IN 32ND YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, FEBRUARY 5, 1937.

NUMBER 14.

## Hamlin's Total To Flood Sufferers Amounts To \$377.98

Hamlin people have responded well to the call of help from the flood sufferers of the Ohio and Mississippi regions. Last week we carried along list of contributors and below is an additional number, making up to Wednesday night a total of \$377.98.

The spirit of response was heightened by radio call and a voice picture of the situation in the many cities along those rivers. To date, the fear of a super flood is not so great as was expected. It would seem that the great dikes or levees made since 1927, along the Mississippi by the Army engineers is going to hold the great waters in check. But to this good year 1937 no higher waters have ever swelled those great central rivers of the United States.

We look at the total sum of money contributed by this and other similar communities and think it is "swell," and it is. But, had every man and woman done half as much as those whose feeling of sympathy and generosity prompted to give in the amount opposite their names, here and everywhere else, the grand total for relief would be thrifble the \$11,500,000 the Red Cross now has to operate with, to date. Some people do not have it in their hearts to "give" not even if the case is next door. That's their business. Some people fear not to give for they realize that maybe some day... some day... well, who knows what may come to them.

Following is a list of donors to

## McCaulley Sends Good Contribution To Flood Sufferers

Garland Davis, of McCaulley, writes the Herald that his community of McCaulley has liberally contributed to the Flood Relief fund, through their Red Cross Chapter.

Below is a list of those giving and we should say here that perhaps few communities in Texas has done better considering the population.

The list is as follows:

### Burial Will Take Place Tuesday

On Monday afternoon, February 8th, "some hour, not now indicated," the Abilene & Southern Railroad will "toot" out of Hamlin and will be no more. A perfectly good railroad ends more than a quarter of a century of useful life. As the old pile of ponderous steel pulls the short string of old-fashioned wooden cars out of this little city next Tuesday afternoon, the spirits of our old-timers who so enthusiastically rallied to raise \$40,000 to get this road into Hamlin, will no doubt groan in pain. Old timers know who they were, and will read their names on memory's wall.

Yes, this is a pre-obituary of the death of the Abilene & Southern. Advance funeral notices were placed on the desk of the Hamlin Herald Thursday morning, just a cheap mimeographed sheet, a kind of cheap circular letter, saying the end is near. This was a way the Texas & Pacific Railroad had of getting a public notice over FREE. The said railroad really should be charged with the death of our dear little rail line that has served this prosperous community so well. Those who are on the inside of railroad traffic have evidence that the \$1,000,000, which the T. & P. is reported as paying for the A. & S. was just the price paid to purposely put a "quietus" on this short line that was getting routings that cut revenue from the T. & P.—all this is rumor, and these words may not be strong as they ought to be.

Killing railroads is a kind of warfare that hurts both communities and the "killer." What is happening to Hamlin's A. & S. will happen to other short roads that lead up into rich agricultural lands. Killing of small rail lines will prompt more and more truck traffic, less and less passenger traffic, and finally more and longer rail lines will die or be killed. Hamlin people did not kill the A. & S. Let the recent year's record bear testimony of how much went out of Hamlin and was shipped into Hamlin.

Yes, Sir-ee, the T. & P. is getting some costly "free" publicity. All along the routes of their other short branches the people may expect the worst. Just watch and see. Some may laugh at Hamlin but wait till a lot of other good respectable towns see their rail line have its funeral. It's a foolish war.

When a merchant fails or refuses to keep things fresh, and render service, invest a bit in publicity, watch out for modern progress, they too may expect to lose business. It is foolish to be "penny wise."

Right here let the Herald say that individually, and publicly and officially, in season and out of season, we have been for railroads and for rail road men. This nation and this Texas, was developed by railroads and our future progress depends upon ample transportation, of heavy materials and light goods in great bulk. We honestly believe that the A. & S. is to have a funeral because bigger powers desire it to die. Oh, some will say, "surely they would not kill the A. & S. if it was paying, or might soon pay." Well, let's see. Suppose a shipment is for Abilene and it originates somewhere in the north and the Santa Fe hauls it a long way to Hamlin and lets the T. & P. have the short haul, who gets the freight? Why not kill this "cut-off" and route such freight so that the T. & P. gets a haul from Ft. Worth west to Abilene. Then who gets the freight? Suppose any other shipment is routed "Katy" to Abilene or some other point on the T. & P. and it finds its way to destination over the A. & S., who gets the freight? But let's do away with the A. & S. and look at the routings. Why not fix it so there will be no such routings? Of course the T. & P. should not go to the expense of giving this and other communities the honor of a paid public notice, in a dignified manner of their intention to discontinue the A. & S. on a certain date. That would cost too much and they just could not afford it. The warfare continues. Our farms and families will endure after the T. & P. rails are

## IS THIS A GOOD CROP SIGN?

Since last the Herald went out, there has been plenty of weather. Cold, sleety, snowy, and last Sunday a very nice rain, in fact, a hard rain part of the day.

Now let's put a stake down. One farmer east of Hamlin, living on the banks of Dry Callie, says that faithful old creek "ran." This is a pretty good sign of a good crop on the fertile farms along that stream. When Dry Callie runs, crops will grow. Let's watch this year and see how it comes out. If there are no crops this year, we shall lose faith in Dry Callie.

The recent moisture will hold up wheat quite well for a while. So far we have escaped much wind, and the cold could have been worse.

Miss Leone Bowman has returned to Draughon's Business College, Abilene, Texas, to complete her general bookkeeping course which she has been working on.

The Herald this week is going to Mrs. W. D. Young at Dalhart. This is a gift from her mother, Mrs. Pat Collins, who resides just south of Hamlin.

From 1885 to 1937, Texas has produced, in recovered metals, 6160 ounces of gold, 26,012,507 ounces of silver, 1,418,960 pounds of copper, 6,592,126 pounds of lead and 1,488,474 pounds of zinc.

Joy is the meat of life and laughter is the dessert.  
rotted with rust.

We do not know the full plans of the "funeral." But just remember that on Monday afternoon, February 8, 1937, the demise of the A. & S. takes place, and the "toot" of a well patronized road will be heard no more in Hamlin.

After all the damage is counted, perhaps our 1000 or more cars per year will go out over the Santa Fe and the Katy by reason of the death of the A. & S. Maybe a new crew or switch engine will be added on the Santa Fe—after all things work out for the best. Maybe the powers that be in railroading know what's best—for them—maybe

### SCHOOL CHILDREN TO SEE FREE FILMS

STAMFORD, Texas, Jan. 19.—Through an arrangement with the Visual Instruction Bureau, a Division of Extension for the University of Texas, school children throughout the entire state will have an opportunity to see the forty films used by the West Texas Chamber of Commerce last season in the All West Texas Community and Resource Exhibit at the Fort Worth Frontier Centennial.

The films showing the industries, resources, educational and recreational activities of the forty West Texas towns were provided by the towns for the Centennial exhibit and were shown every day during the big Frontier show. They attracted a great deal of attention and numerous requests for their loan have come to the offices of the West Texas Chamber of Commerce from other sections of the state. General interest in them was so great that the West Texas Chamber of Commerce tendered the films to Mrs. Charles Joe Moore, Chief of the Visual Instruction Bureau, who will route them through the bureau's regular school channels.

The West Texas Chamber of Commerce exhibit, which attracted many visitors at the Centennial last summer, has been held intact in anticipation of the reopening of the Centennial again this year.

### CARD OF THANKS

We desire to express our thanks to all those who were so kind to us at the time of the loss of our baby girl.

Mr. and Mrs. Raymond Meeks.

Mr. and Mrs. Geo. T. McBeth of Rotan, visited in the home of Mr. and Mrs. W. L. Meeks the past week-end. They had just returned from Phoenix, Arizona, where they had visited for four weeks.

George Wainscott and children visited his sister, Mrs. Ben Whitaker and family in Wichita Falls, during the week-end.

The Chamber of Commerce Annual Banquet will be held at the Model Hotel on Thursday evening, Feb. 11 at 7:30. The Committee has secured as the Principal Speaker, Dr. Carl C. Rister of the Oklahoma University, at Norman, Oklahoma. Dr. Rister is well known in this section of West Texas, having taught for a number of years at Hardin-Simmons University, Abilene, Texas, before going to the State University in Oklahoma.

According to the New Constitution Board for 1937. There will be elected at this meeting to serve on the Board for 1937. There will be 5 to elect.

The President will give his Annual Report for the year 1936. Our work for 1936 shows some improvement over the year 1935—increased activities and increases in finances. It is urged that all co-operate to make this Annual Meeting a success.

W. E. BENSON, Secretary.

### ATTENDED TWO C. OF C.

#### MEETINGS LAST WEEK

President Tom Teague, and Secretary W. E. Benson and others took in two Annual Chamber of Commerce banquets last week.

On Tuesday night these two Chamber of Commerce men, accompanied by Ted Russell and Bowen Pope, attended the Abilene meeting at the Wooten Hotel. The chief address of that hour was by the well known economist, Peter Molyneux of the Texas Weekly.

On Thursday night these two Hamlin leaders chaperoned Mayor Culbertson, Tate May and J. J. Waggoner to the Sweetwater banquet. This was a big affair with a number of towns represented. The chief address there was made by Dr. Knapp of Texas Tech.

## TELEPHONE MEN STILL WORKING TO REPAIR ICE-WRECKED LINES

Repair crews, rushed into January sleet storm area, found miles of telephone line flattened by ice.

This lineman is patching through an emergency telephone line to an isolated town.

Telephone men, still at work repairing damage from the \$1,500,000 sleet which swept from the Iowa border to the Gulf in January, can remember no worse ice storm.

Yet they found, as they set about replacing 26,000 poles and 18,000 miles of wire leveled by the blast, that this year's disaster actually did less damage than the smaller 1924 ice storm. The reasons:

First—Most telephone poles today are crooked yellow pine. They stand under ice that would snap poles used years ago.

Second—Constructed at heavy cost several years ago, an underground long distance cable through the heart of the storm belt "carried on." It formed a backbone of communication from which emergency lines could quickly be "patched through" to almost 100 isolated towns.

These things... improvements of the last 10 years... are a part of the Bell System's constant effort to make its lines proof against storm and disaster.

To those customers who were without service because of the storm, perhaps for several days, the company expresses its appreciation for their patience during a trying period.

### MORE ABOUT OLD AGE . . .

During the last few weeks, not only in Hamlin and in the Hamlin Herald have we heard much about the Old Age Assistance "mess" but it comes from every nook of the state. One thing certain, never before has this state started to deal with a matter so touchy and so tender to the hearts of the people as that of Old Age Assistance. It may sound a bit radical to refer to the way Old Age Assistance has been handled as a "mess," but facts bear out that very unpleasant word. Most people term the situation as one of "rank inefficiency." It would appear that the administration of a thing so close to the hearts of the people could have been started off and operated with greater dispatch. Indications are that those in charge took the Old Age Assistance law as a kind of charity measure and "railroaded along" with many incapacitate investigators who seemed to take the position that "this job will be over too soon if we work hard." Again it would appear that the legislature was afraid that they would fix it so it would not be effective. Below is a clipping that shows how much confusion and how much extra work has been made by the reckless "cutting off" of so many old people recently: Read "Taylor county has been rechecked and over 100 persons have been recommended for reinstatement on the Old Age Assistance list."

"Approximately 1800 persons have been suspended in the district. This does not mean that those receiving notices of suspensions of grants will be cut off altogether from the old age assistance. They may be re-established if found eligible."

The investigation force has been augmented in order to facilitate the work of reinstatement of those persons eligible for the monthly aids. Applicants for reinstatement are asked not to call at the district office for interviews but to await the decisions of investigators.

"Rechecking of clients is being made by members of the old age commission in the various counties rather than at the Abilene headquarters."

The business way would have been to start at the "other end" . . . after an old person had been placed on the list, why not let him remain there till he was investigated, then if his case did not come under the law, take him or her off. Why now ask these old folks, in the dead of winter to "wait" or to "come." Some of them have waited for investigators who never came.

### A NEW DIRECTOR NEEDED

Below is a clipping that is enough to tell where a part of the old age assistance trouble lies. Read IT.

AUSTIN, Feb. 3. — Orville S. Carpenter, Texas old age assistance director, told the house state affairs committee today persons who accept assistance should not be allowed to vote.

His statement was in answer to a question as to how the legislators could gain re-election if they should return home without liberalizing the pension statute.

"My opinion," he said, "is that persons on the pension rolls should lose their voting rights. There are 300,000 persons in the state over 65 years old and they don't have to pay poll taxes. That is a powerful bloc and can easily influence pension legislation."

"Why should a person who is receiving aid from the state have so much say in determining how much he receives?"

### ASK HIM TO RESIGN

Without going into details why this gentleman is wrong and in the wrong place, we shall make it snap by saying that he talks like he is the custodian of the pocket books of the people of this state. His job is to do what the law directs and not try to direct "law-making." If we

were in the legislature, the next morning after he made the above reported statement, we would have offered a resolution asking this young upstart to resign. The people should do that very thing, if the legislature does not. No sir, not one single penalty, not one single speck of humility for the old and needy people of Texas was thought of when the constitution was amended to permit a little bit of aid to come to these old souls. If Carpenter does not want to do what is directed of him, then step down and out.

The Herald has been thinking each week lately that we would "break out" and tell about Dr. Turner Bynum and his wife being out of the city for an extended time. They have been missed so much and maybe some thought their absence was a secret. Not that at all. The doctor had been bothered with rheumatism during the fall and early part of the winter and we understand that they have been enjoying the balmy coast country about Galveston and the "sunshine" of San Antonio. Dr. and Mrs. Bynum will likely return home within a few weeks. While he is away, young Dr. Jack Estes of Abilene, has cared for the Hamlin patients and the Hamlin Hospital. Reports are that when we see Dr. Bynum again he will be in the pink of health and in every way improved. In fact, a few weeks for any of us in a warmer climate should return us to Hamlin, will full round smiling faces.

Delma Shelburne came home from Texas Tech last Monday for a mid-term visit in Hamlin.

### MISCELLANEOUS SHOWER

#### HONORS MRS. HAMPTON

Honoring Mrs. Marvin Hampton, of Sweetwater, a bride of the month, Mrs. W. L. Boyd, Mrs. Henry Albritton and Miss Florine White were co-hostesses, when they entertained with a miscellaneous shower, Saturday afternoon, in the Boyd home on Jackson Avenue.

Vases of red roses graced the entertaining rooms and accentuated the Valentine motif of red and white used in decorations and repeated in the attractive refreshment plate.

Guests were invited into the home by Mrs. Henry Albritton who presented them to Mrs. Boyd. Receiving with the hostesses, were the honoree, Mrs. Hampton, and her mother, Mrs. G. F. Boyd, of Sweetwater. Misses Florine White and Florence Boyd directed to the Brides Book, presided over by Miss Patience Albritton. Misses Ruby Dean and Kathryn Adkins led the way into the spacious living room where the following program was rendered.

Reading—Miss Albritton, Pianologue—Miss Edwina Gilbert, Reading—Mary Marguerite Nobles, Vocal Solo—Mrs. W. C. Russell. The program closed with a comic skit by Misses Albritton, Adkins, Thompson and Dean who in a very clever manner presented the gifts to the honoree.

Refreshments of sandwiches, sand tarts, mints and tea were served. Favors were tiny white candy doves.

Out of town guests were Mrs. O. H. Berry and Mrs. Boyd of Sweetwater.

### THE THIRTEEN CLUB

The Thirteen Club met at the home of Mrs. Roy Hays on Hope Avenue at 2:00 P. M. Wednesday, January 27.

At the conclusion of contract bridge Mrs. R. P. Holley held high score. Club members present were Mesdames Hank Harlan, Pud Young, Tom Vaughan, J. A. Nelson, B. W. Watts, C. A. Thompson, J. J. Owens, R. F. Andrus, T. E. Jones, R. P. Holley, C. F. Ferrell, and E. R. Richardson. Mrs. Clinton Barrow was a guest of the club.

### DR. AND MRS. PARDUE

#### HOST TO CLUB

Dr. and Mrs. A. E. Pardue entertained the Arcadian Club and other guests in their home on Central Avenue, Friday evening.

Potted plants and red carnations were attractively arranged in the entertaining rooms, and red carnations centered tables at the supper hour. A Valentine motif was

featured on tallies and all game appointments. In the bridge games Dr. and Mrs. Bynum held high score. A meat course with salad, hot biscuit, pie and coffee was served.

Members present were Dr. and Mrs. J. T. Bynum, Dr. and Mrs. J. F. Taylor, Mr. and Mrs. Joe Culbertson, Mr. and Mrs. B. L. Jones, Mr. and Mrs. R. H. McCurdy and Mr. J. E. Moody. Guests were Mesdames R. W. McCurdy and C. C. Prater, Mrs. Bell, of Fort Worth, and Mr. Mac Cathey, of Fort Worth.

### TUESDAY CLUB WITH

#### MRS. CASSLE

Mrs. H. O. Cassle was hostess to the Tuesday Club in her home on Union Avenue, Tuesday afternoon. Mesdames J. T. Bynum, D. D. Harden and J. F. Taylor were included as guests. Dainty score cards, carrying a Colonial theme, gave places at the bridge tables. High score for the club was made by Mrs. D. O. Sauls and for the guests by Mrs. Bynum.

A plate holding salad, toasted sandwiches, cake and coffee was passed.

Following the social hour a short business meeting was held and the following officers were elected: Miss Pearl Whiteley, president, Mrs. W. J. Poe, vice-president and Mrs. Sauls, secretary-treasurer.

Members present were Mesdames R. B. Wiar, W. F. Johnson, John T. Day, J. C. Culbertson, D. O. Sauls, W. J. Poe, Bowen Pope, J. W. Ezell, and Miss Whiteley.

### BLUE BIRD CLUB MEETS

#### WITH MRS. CULBERTSON

Mrs. Joe Culbertson entertained the Blue Bird Club in her home Tuesday afternoon with three tables of contract in play. Substitute hands were played by Mrs. J. P. Morgan, Mrs. J. O. Jones and Mrs. R. H. McCurdy. A Valentine motif was used in tallies and game appointments. Mrs. Art Carmichael made high score for the club and Mrs. J. P. Morgan scored high for guests.

An attractive refreshment plate of Spanish chicken, celery and cherry pie was served with coffee.

Members playing were Mesdames Art Carmichael, B. L. Jones, F. D. Wells, Elmer Feagan, John Ed Day, M. T. Woodward, Ted Bledsoe, Paul Fowler and Bob Low.

### MRS. JONES HOSTESS TO CLUB

Mrs. Raymond Jones was hostess to the Kongenial Kard Klub in her home on Lake Drive, Tuesday afternoon. A Valentine motif appointed

tables for bridge and was also repeated in the refreshment plate. Mrs. J. E. Moody won high score for guests and Mrs. Ray Willingham held high score for the club.

At the tea hour salads, sandwiches, heart cookies and hot punch was served.

Those present were Mesdames Roy Garner, J. Frank Johnson, Paul Fraser, B. W. Nobles, J. E. Moody, Charles Bennett, Ray Willingham and V. A. Galloway.

## JUNIORS TO PRESENT 'KID COLBY'

Those who go to see the Juniors Little Theatre production, "Kid Colby" will leave with a slight knowledge of what goes on outside the ring for a playboy prize fighter who finds himself bound helplessly between a written marriage proposal to a gold digging chorus girl and the ties of true love for his father's private secretary. The story as it develops and unfolds is one that will appeal to the pathos and humor of the audience.

The carefree son who is always in trouble and the unusual secretary, who does a smart bit of acting, to keep him out of court, put over a very slick story that ranks equally as good as all previous productions.

With this set up and the real life comedy of an ambitious office boy and four dumb secretaries, the Juniors hold everything until the opening night when they present a three-act comedy with a cast of fourteen headed by Juanita Harbert and Clifford Reynolds, the favorite keys to the entire plot. Constance Teague consents to lift the veil of a charming innocent school girl and to become a master black mailer and gold digger, while Bill Norris sinks his chin a little deeper into his chest and becomes the wealthy president of the Consolidated Manufacturing Company. Dorothy Jane Bailey, Lois Ellen Stell, Eloise Riddle, and Mary Emily Eakin become a bit dumb and chew their way to laughter on a stick of chewing gum, and the keys of a belated typewriter. John Kent Jones is credited with a bit more common sense since he is the brother of the unusual secretary, and proves it in his healthy wise cracks to the secretaries. Roy Tims bounds into your heart by a Bronx accent that belongs to the prize fighter's trainer and he kicks until the last curtain is drawn.

Loren Griffen, as the surgeon, Mary Dell Park, the nurse, and Wyatt Hanks, a messenger boy, complete the supporting cast.

In selecting a play for the annual Junior event, those connected with the decision have chosen "Kid Colby" for its real and delightful story and comedy, and it is in the opinion of this commentator that they have made a grand and wise choice. The Junior Class and their sponsor, Miss Doris Pope, invite everyone to come to the High School auditorium for the opening night. The date will be announced shortly in this newspaper.

### TONSILS AND ADENOIDS

CLINIC, FREE TO SOME

As a matter of rendering help to humanity, the Baptist Hospital in Abilene, is offering to help at least 10 children in the Hamlin community get a free clinic and service for tonsil and adenoid trouble, if they need attention and are unable to pay the bill.

Here is the proposition. If a child (regardless of race or color) has a bad case of adenoid or tonsil trouble and its parents are NOT able to pay for proper treatment, the hospital then offers its free service. But in every case the mother or some one close to the child must remain with it at least one night.

No greater service can any institution do than something on this order. Did you know that from diseased tonsils and enlarged adenoids come many severe cases of invalidism. It is a pitiful sight to see a child gasping and snuffing for breath and being stunted and handicapped with this kind of trouble when it could be treated in safe hands for a small sum or free where there are no funds. Most cases of bad tonsils and adenoids are observed by teachers in the grades. This kind of trouble hinders many children in their progress when their parents think the trouble is merely a cold—just a sore throat.

It is not a matter of charity to have helpless children cared for to improve condition of tonsils and adenoids but it is a matter of mercy. So at least in this community if there are any who need attention there is a good hospital willing and anxious to render a lasting aid, to a limited number.

## Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect, and most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

### MUSCLE OR MIND—WHICH?

The University of Texas has purchased themselves a new Bible. However, it is not a spiritual Bible, but it is a muscle Bible. This new addition to the University curriculum is not recommended for any religious advancement or study but on the contrary it has for its main purpose the development of the physical ability of the male species. The females are not in the new picture that is setting all Austin wild and already the cry of female discrimination is being heard.

The University football squad having a low record of games won decided to make a change, and get a new coach to learn the Texas University Steers how to get in the running hereafter and bring home some of the bacon-occasionally at least.

After looking the available over, the Regents of the University on the advice of the Athletic Council has hired an old timer in pigskin contests from Nebraska and his name is Dana X. Bible. His salary is to be \$15,000.00 a year or \$1,250.00 a month, and his contract calls for a 10 year job. The University people and most of the students think the Regents have made a good trade, and it appears like they may look at Dan Bible more than they will look at the Moses and the Savior Bible. It remains of course to be seen whether Dan Bible is a good buy financially, but there is no doubt but what he has made a good horse swap of Nebraska for Texas. For the next 10 years he won't be bothered about hours or scale of wages; or any other alphabet restrictions.

It must be an awful hard job to learn these football youngsters anything when they have to get a \$15,000 man to teach them how to tackle each other in a seemingly fiendish desire to butt each other's brains out and kick the liver and lights out of each other. The Regents can get all the professors and educational experts they want or need to teach the student body Latin and Greek and Geometry and Trigonometry and Astronomy and Chemistry and all the other higher branches and sciences for five or six thousand dollars a year. Why they only pay the President of the University \$8,000.00 a year. I wonder what it all means. Whither are we drifting? Does this 100 per cent difference in pay mean that we are drifting to a condition where muscle will triumph over mind? Does it mean that the physical attributes of our rising generation will supersede mental attainment? After all, shall we hope to witness the triumph of mind over matter or matter over mind? Which shall it be?

If physical development is to be our major purpose, then the \$15,000.00 coach is all right. If mental development is our ambition, then a \$15,000.00 coach is all wrong, and it should not be allowed.

The Governor gets \$12,000.00 a year, the Attorney General gets \$10,000.00, the Chief Justice of the Supreme Court gets \$8,000.00, and other higher Court Judges get around \$6,000.00, and if there is any good reason why a football star should get \$15,000 a year, then we are willing to be shown with a mighty good reason.

I like to see the football contest. It is great sport—thought at all times dangerous. The great amount of time devoted to the game raises the question of whether the football craze is not being carried too far. If it is, then high financial inducement

should not be resorted to to perpetuate the game.

JAMES E. FERGUSON,  
Box 1158, Austin, Texas.

### Now Let's See . . .

Governor Jim, let's see who will be in the picture the first time the University's "New Bible" comes out on the football field in Austin. Bet a dollar against a hole in a doughnut that a certain ex-Governor is in the picture, in the great crowd of extra fans, doing his bit on the Fifteen Grand salary the first time this Bible appears in Austin. That's where the females come into the picture—a hundred extra females and their escorts at about 25 cents extra because of a new Coach will mean \$50.00 right there in one game, and think of the other extra thousands from all over the country coming, rushing, crowding to see what the Bible will do . . . so after all, the fans pay the salary of Bible and all that Bible has above other human Coaches is a reputation. Reputations are sometimes worth money. Then there is another angle . . . good horses mean wide bookings, and the game gets interesting and in the long run the mere 15 grand dwindles to mere few dimes when the betting is over. Glamorous, buxom youth spends freely of dad's money when he or she gets excited. So the game is to get 'em het up. And it seems somebody thinks Bible can do the "heating." As far as Moses is concerned smart college "men and women" have him outclassed a mile—he didn't know much anyway.

Wonder if a Football Coach's salary comes under the federal income tax law? The salary of a judge, a governor, a professor does not, because the money comes from the taxpayers—but how about that 15,000 that goes to Bible from admission fees. Wonder if Uncle Sam will think of that. If the coach was getting that amount from gambling instead of gate fees he would have to pay or join Al Capone.

## GRAND JURY MAKES FINAL REPORT

To the Hon. W. R. Chapman:

We your Grand Jury for the January, 1937, Term of the District Court of Jones County, Texas, beg to make this our final report:

We have been in session a total of 4 days. We have investigated 38 felony cases and numerous misdemeanor cases.

In connection with the investigation of the above cases we have examined a total of 149 witnesses.

We have returned a total of 32 felony indictments and 1 misdemeanor indictment.

We have examined the jail and the premises and have this recommendation to make with reference to the jail. We realize that at this time the people of Jones County are not in such circumstances as to stand the extra tax burden of building a new jail. However, we do not hesitate in pointing out the need for a new jail. In view of the fact that our people will possibly not be in position to vote bonds to build a new jail for several years, we recommend that the Commissioner's Court re-vamp the plumbing in the jail, install new bunks, repair the cells, especially the one designated as the "Bear Cage," and provide bedding and covers and put in needed window panes.

In general, we find that our people are law-abiding. We recommend that all good citizens everywhere assist the peace officers in discovering crimes and in apprehending and punishing offenders. We believe that a strict enforcement of the law in as speedy a manner as possible is our best guarantee of respect of the law and order and the protection of our lives and our property.

Respectfully submitted,

GRAND JURY,

District Court of Jones County, Texas, Jan. Term, A. D. 1937.

By C. F. UPSHAW, Foreman of the Grand Jury.
